

NORTHWOOD

Rosmond Homes will design a home for you that reflects your style, your personality and your way of life.

Our designers will work diligently to create your individual home, or we can customize a design from our existing portfolio of homes. With Rosmond Homes you can choose everything from your elevation facade to internal layout, fixtures and fittings. It's your home so it's your choice.

With Rosmond Homes you receive exceptional customer service, quality workmanship and honest advice.

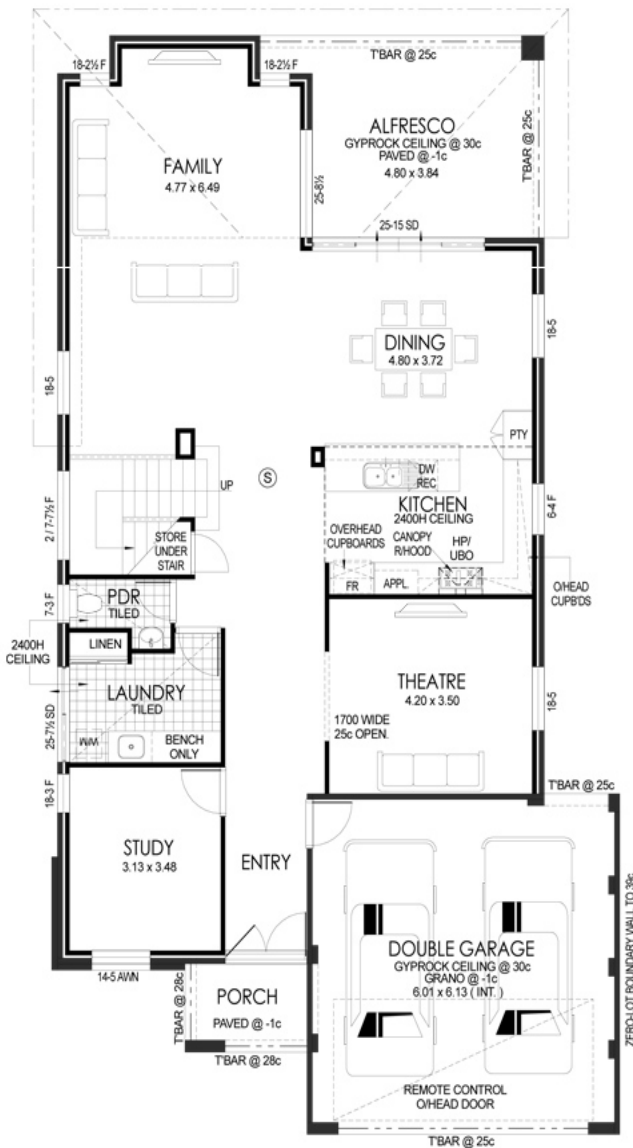

Rosmond Homes create designs as individual as you are, so call us today and see how we can turn your dream home into reality for you.

NORTHWOOD

The Northwood provides a spacious sense of living for the whole family, and is designed to easily fit within a narrower lot. Open plan living and adjoining alfresco offers space for the growing family and a welcoming area in which friends can be entertained. A private study and theatre room are an added bonus to the Northwood design. Upstairs hosts the complete sleeping zone, with a master suite and three queen sized bedrooms. This is truly a family home to be enjoyed.
